## Why Choose Our Tax & Business Services?

We are committed to learning your tax and business needs to maximize your future's success.

### Tax Preparation: Individual & Business

We review your tax situation and e-file your tax forms. We're recognized by the IRS and can speak with them on your behalf should an issue arise.

### Business Filing & Formation

We'll help you build your business and stay compliant. We can also help with filing and maintaining your 501 (c)(3) tax-exempt status.

### Business Consulting

We'll help you start, grow, and scale your business by providing expertise in your market, identifying problems, and initiating change.

## What we do?

Help you maximize your tax deductions and plan for the future.

### Individual & Business Tax Preparation

Each year, Congress makes changes to the tax codes. We stay abreast of those changes and apply it to your tax situation.

### Business Filing & Formation

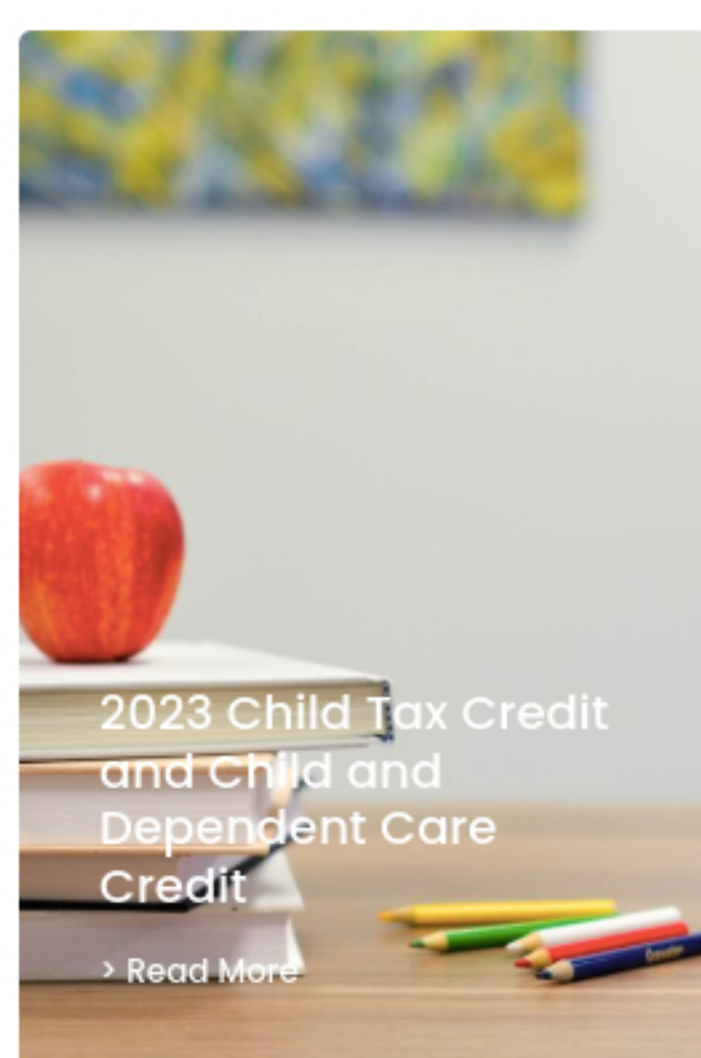

Ever wanted to start a business but don't know where to start? That's why we're here! We'll help you get formed and stick around to ensure you stay compliant!

### Business Consulting

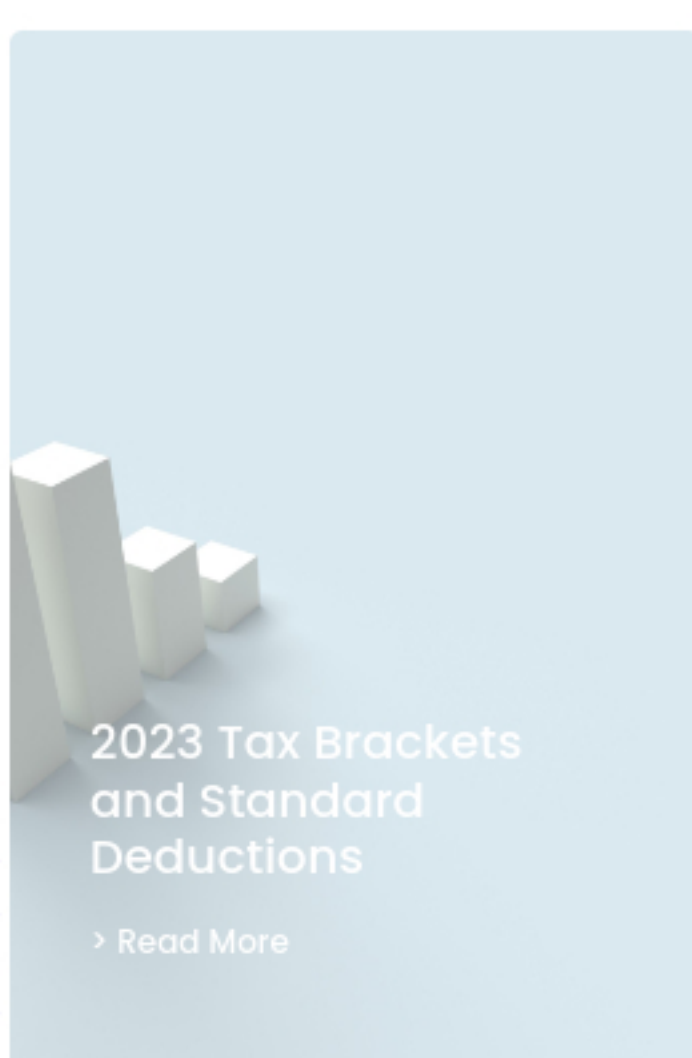

Our business consulting services concentrates on our clients' most critical needs and issues utilizing the SWOT method: Strengths, weaknesses, opportunities, and threats. We focus on your business strategy, marketing, operations, technology, and digital solutions.
